TNT Parts

TIDEWATER FLEET SUPPLY NOW PROUDLY A DISTRIBUTOR FOR WANCO TRAFFIC SAFETY PRODUCTS

Wanco offers a comprehensive assortment of products including message signs, arrow boards, radar-speed devices and much more. Contact your local Tidewater Fleet Supply branch for further information and pricing on any of their products and replacement parts for existing boards. Wanco, the industry leader in traffic safety.

WANCO® Solutions for traffic safety

WJECO Folding Frame Arro...

A single support holds the display panel during use and during transport. This unique design eliminates abrasion, extending the arrow board's useful lifespan.

WJECO Vertical Mast Arrow ...

Its vertical display panel rises on a mast that can be rotated freely to face traffic without moving the trailer. The arrow board is compact during transport.

Truck Mount Arrow Boards

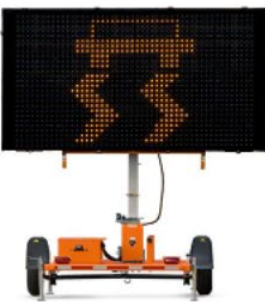

Perfect for convoys, crash-cushion (TMA) trucks and emergency repair crews. Four sizes of arrow boards and the largest selection of mounting options.

Folding Frame Arrow Board ...

Like our folding-frame trailers, a single support secures the display panel when deployed and during transport. The panel pivots down to horizontal when not in use.

Matrix Message Signs

Ideal for large roadwork projects, public events and more, these full-size signs feature a large display, exceptional visibility and versatility. Meets MUTCD.

Mini Matrix Message Signs

A smaller version of our full-size signs, Mini Matrix signs weigh less and can be towed by most vehicles. Mini signs have the same features as our full-size signs.

Three-Line Message Signs

Perfect for simple text messages in one, two or three lines of eight characters or less. Select from programmed messages or create your own. Meets MUTCD.

Mini Three-Line Message Sig...

A smaller version of our full-size signs, Mini Three-Line signs weigh less and can be towed by most vehicles. Mini signs have the same features as our full-size signs.
